PROFILE

Co-founder of Sisulaine Media OÜ and Impactful Entrepreneurship student at EBS University. I build websites, film and edit marketing videos, and handle client work for Estonian businesses, including Selver and Lirenza OÜ. I learn fast, use AI tools daily in my work, and want to grow companies that make a real difference.

EXPERIENCE

Co-founder, Sisulaine Media OÜ · sisulaine.ee · present

- Co-run a website, marketing and marketing-video company with co-founder Aleksander Kappet.
- Build and manage client websites with custom code, and run the company's own site and hosting.
- Film and edit social media videos; plan ideas and scripts together with my co-founder.
- Clients include Selver, JK Tallinna Kalev, Merido Apparel and Lirenza OÜ (Saekaater club, Jõgeva).
- Set the company's pricing, delivery times and service terms; manage the Google Business Profile.

Freelance short-form video clipper, Whop Content Rewards · 2026

- Edit short clips for paid campaigns on TikTok and YouTube, focused on strong hooks for a 15 to 25 year old audience.

Website redesign, Hansakamin · hansakamin.ee · 2026

- Building a new website for a fireplace company.

PROJECTS

- **EBS Breakfast** (2026): proposed and developed a morning breakfast service for university students in Estonia as an EBS team project.
- **Pet homing collar** (2026): team business idea for a collar that helps lost pets find their way home using scent or sound.
- **Coftrix** (2026): fictional company built with a university group for a course assignment.
